XenonStack

A Stack Innovator

Our Business Model

Consulting Services

Data Driven Enterprises

Data Engineering

Real Time & Batch Analytics, Data Warehousing

Artificial Intelligence

ML & DL, NLP, Computer Vision

**IT Infrastructure Services**   DevOps & Infrastructure Automation

Managed Services   XenonStack Support & Services

XenonStack Cloud Capabilities

- Cloud Infrastructure Automation Solutions

- Managed Cloud Services

- Cloud Governance and Security

- Cloud Service Offerings for Microsoft Azure, Google Cloud Platform , Kubernetes and Knative and AWS

- Cloud Advisory and Strategy

- Cloud Migration Services

DevOps Capabilities

- DevOps Consulting Solutions

- DevOps Managed Services

- Kubernetes Solutions

- DevOps Pipeline Architecture Development

- DevOps Assessment Services

- Continuous Delivery Solutions

Big Data Capabilities

- Big Data Consulting Services

- Scalable Analytics on Cloud

- Data Lake Management and Implementation

- Real Time Big Data Analytics and Processing Solutions

- Big Data Solutions for Management and Governance

- Big Data Infrastructure Solutions

Data Science and AI Capabilities

- Cognitive Intelligence and Decision Science

- Deep Learning Analytics Solutions

- Machine Learning as a Service - Google, AWS, Azure,

- Applied AI Consulting

- Predictive Analytics Solutions

- Computer Vision Solutions

IT Managed Service Offerings
